Sustained Performance Evaluation Criteria

TIMING

The timing of Sustained Performance Evaluation (SPE) is determined by the Provost's memo on SPE as well as the contents of the Collective Bargaining Agreement. Generally, it follows a seven year cycle.

PORTFOLIO

The SPE for faculty in Women, Gender, and Sexuality Studies (WGSS) will be conducted based on a brief portfolio containing a summary of the faculty member's activities during the entire seven-year period under review. The file should contain:

- A current *curriculum vita* that clearly highlights accomplishments in teaching, scholarship, and service during the period under review.
- Copies of the faculty member's last seven annual assignments and annual evaluations.
- A copy of the report of the previous SPE, if available.
- A copy of these SPE criteria.
- A brief (2 page) narrative from the faculty member.

WGSS will store these portfolios along with all SPE records and evaluation procedures/criteria; copies will be sent to the College. All contents of each SPE file are to be kept strictly confidential throughout the evaluation process. In all cases, any person with a plausible, perceived conflict of interest in evaluating a particular faculty member cannot serve on the SPE Committee in the year of that faculty member's SPE.

COMMITTEE

The SPE Committee will consist of all tenured members of the WGSS Executive Committee at or above the rank of the WGSS faculty member whose SPE is being considered. So, Associate Professors undergoing SPE may be evaluated by Associate and Full Professors. Full Professors may only be evaluated by Full Professors.

EVALUATION CRITERIA

The SPE process offers faculty members a chance to showcase extended work that may not be reflected in individual annual evaluations, as many kinds of work are only realized across multi-year arcs. Those faculty undergoing SPE may wish to highlight extended work in teaching, research, and service within their narrative.
