The goal of Florida Atlantic University’s honors programs is to successfully prepare our students for their futures and to lay the foundation for a lifetime of learning. With FAU’s expanded commitment to undergraduate research and scholarly inquiry, our honors program offerings provide opportunities for students to collaborate with our expert faculty and engage in the excitement of exploring new ideas, solving cutting-edge problems and thinking creatively.

For academically exceptional students, we provide four opportunities:
1. The University Honors Program: For lower-division honors students located on the Boca Raton campus
2. The Harriet L. Wilkes Honors College: For lower and upper division honors students located on the Jupiter campus — 40 miles north of Boca Raton
3. The Wilkes Medical Scholars Program: An early admission program into medical school for qualified high school seniors
4. Honors in the Major Programs: For upper-division honors students located within our Colleges

THE UNIVERSITY HONORS PROGRAM
An exciting and challenging experience, the program is designed to provide students with exceptional and rewarding learning opportunities through special Honors Seminars, the University Honors SLS 1501 - Introduction to Academic Life, Honors sections of freshman courses and the option of taking more advanced courses to substitute for first-year required courses. The advantages of the University Honors Program include small class sizes, close contact with many of the University’s top-ranked faculty as well as special advising and registration. The program is an excellent beginning for a distinguished academic career in post-baccalaureate studies, professional studies or the pursuit of excellence in your career path.

THE HARRIET L. WILKES HONORS COLLEGE
The Honors College provides a unique living/learning environment for students who are highly motivated and want the opportunity to take every course in their college program at the honors level. Located in Jupiter, FL it is a small, selective, residential college where students support one another in their academic pursuits and goals. The opportunity to encounter innovative ideas and diverse perspectives is just one of the distinctions found in the Honors College experience. Merit based scholarships are offered to every admitted student.

WILKES HONORS COLLEGE MEDICAL SCHOLARS PROGRAM
This is an early admission program into FAU’s medical school for qualified high school seniors. Students will receive their bachelor’s degree and the M.D. degree in seven or eight years. Admission is open to highly qualified high school seniors who strongly desire to pursue medicine as a career. The program currently is limited to Florida residents. Must be admitted to Wilkes Honors College. Learn more by visiting www.fau.edu/divdept/honcol/admissions_med.htm

HONORS IN THE MAJORS
Honors in the majors are open to all qualified upper-division students. These honors programs are offered in select departments within each of the colleges, and are designed to help students discover the wonders of their discipline by working with faculty members on a research, creative or scholarly project.

The following lists all current honors programs in the majors. Specific information about each of the following programs can be found at www.fau.edu/admissions/honorsmajors
