PROPOSED COMMITTEE ACTION

Approve the review and validation of the completed Florida Atlantic University Education Plant Survey.

BACKGROUND INFORMATION

An Education Plant Survey (EPS) is required to be conducted once every five (5) years for all public educational entities, included state universities. At the request of Florida Atlantic University (FAU), Board staff facilitated and coordinated the Survey Team and participate with university staff on the EPS to ensure that all requirements of section 1013.31, Florida Statutes, were satisfied. In addition to FAU and Board staff, the team included staff from University of West Florida, Florida Polytechnic University and Florida Agricultural and Mechanical University. The Survey Team Recommendation is included as an attachment.

The EPS covers the period July 1, 2021 through June 30, 2026, and is FAU's first EPS completed using the Dynamic Capital Planning (DCP) model.

EDUCATIONAL PLANT SURVEY OVERVIEW

In Florida, all public school districts, colleges and state universities are required to conduct an Educational Plant Survey (EPS) at least once every 5 years using “uniform data sources and criteria”(Section 1013.31, Florida Statutes). An EPS is a systematic and comprehensive study of each institution’s sites, buildings, and the site improvements required to operate the facilities. This includes a review of both the 1) existing educational and ancillary facilities and 2) anticipated future needs for repair, expansion and/or demolition. The EPS is a safeguard mechanism to ensure that PECO dollars, and the assets constructed with PECO dollars are being directed appropriately towards needed educational buildings.

The EPS is undertaken collaboratively by the EPS Survey Team, which consists of staff of the university being surveyed; Board of Governors’ staff; and staff from other universities. The final EPS Report must be approved by both the local Board of Trustees as well as the Board of Governors. The EPS is one of 3 long-range planning documents – the EPS, the Campus Master Plan and the 5 Year Capital Improvement Plan.

Required EPS Elements

- Summary of approval by the Board of Trustees and Board of Governors
- Recommendations for existing facilities
- Recommendations for new facilities
- Projected capital outlay full-time equivalent student enrollment
- Inventory of existing sites and facilities

The procedures to be used in conducting each EPS are specified by the Chancellor’s Office.
