SUBJECT: AMEND REGULATION 6.006 – CONSTRUCTION PROJECTS & PROPERTY RESPONSIBILITY.

PROPOSED BOARD ACTION

Approval of amendments to FAU Regulation 6.006, Construction Projects & Property Responsibility.

BACKGROUND INFORMATION

FAU Regulation 6.006 currently addresses the responsibility and authority for University property. The proposed amendments update the regulation to reflect current organizational titles and add a provision regarding responsibility and authority for University construction projects. The addition to the regulation regarding authority and responsibility for University construction projects was prompted by amendments to Board of Governors Regulation 14.020, University Supervision of Construction Program, made earlier this year. The BOG regulation amendments parallel the requirements of Section 1013.38, Florida Statutes, which provides that University Boards ensure that facilities comply with building and life safety codes.

IMPLEMENTATION PLAN/DATE

If approved by the Board, the regulation will be amended and effective as of July 1, 2015.

FISCAL IMPLICATIONS
