SUBJECT: OVERVIEW OF EXTERNAL OPINION REVIEW

PROPOSED COMMITTEE ACTION

No action need. Information item.

BACKGROUND INFORMATION

PowerPoint presentation.

This discussion will include a brief overview of findings based on interviews conducted during February, 2011 with faculty, deans, administrators, and others in preparation for FAU's strategic planning roundtables. This briefing will provide a context for a discussion of a second phase of interviews and focus groups—this time with important external constituents—that will test external perceptions of the University in comparison to the internal community's sense of the University. Discussion will include recommendations of participants in the interviews and focus groups as well as questions that might be explored."
