## COMMITTEE ON ACADEMIC AND STUDENT AFFAIRS

November 16, 2021

**SUBJECT: SPOTLIGHT ON THE COMPUTER SCIENCE PART-TIME CO-OP**

---

### PROPOSED COMMITTEE ACTION

No action is necessary. This item is only informational.

### BACKGROUND INFORMATION

FAU's College of Engineering and Computer Science is in the top three fastest progressing engineering colleges in the nation (*US News & World Report* Rankings 2020-2022). Dr. Stella Batalama, dean of engineering and computer science, will present recent highlights of the College followed by a discussion of the newly established co-op program in Computer Science, Computer Engineering and Electrical Engineering. The co-op program provides the opportunity to students to work in industry and at the same time pursue their degrees by matching student specialization with industry needs.

### IMPLEMENTATION PLAN/DATE

N/A

### FISCAL IMPLICATIONS

N/A
