Graduate Programs

College of Engineering and Computer Science
Degree: Master of Science (M.S.)
Major: Artificial Intelligence

Research Areas: Artificial Intelligence, Machine Learning, Information Retrieval, Computer Vision, Data Analytics and Algorithms, Knowledge Management and Reasoning, and Applications of AI in various fields such as Robotics, Medicine and Healthcare.

Important information about applying to Graduate School:
- **Transcripts:** Submit official transcripts in sealed envelopes from all schools attended.
  - NOTE: If you attended one of the Florida State University System institutions, transcripts may be requested electronically.
- **Supporting documentation:** Supplemental applications, letters of recommendation, and/or portfolios should be submitted directly to your graduate program.
- **Conduct:** A "yes" answer to either of the conduct questions on the online application will require a written explanation. Additional information may be requested when your application is under review. Applications will not be fully processed until all conduct issues are cleared.
- **Application status:** Once your application has been submitted, you can check your application status online to ensure transcripts and test scores have been received.
  - NOTE: Application status will say incomplete until an admission decision has been made.
- **Residency classification:** Your residency classification automatically defaults to non-Florida. After you are admitted, the residency officer will request additional documents by email if needed.
