**RE:** Changes to the Wilkes Honors College Neuroscience Concentration (2 tracks: Cellular Neuroscience and Neuroscience, Cognition, and Behavior)

As per FAU's Honors Curriculum Manual, these changes: add BSC 1011, BSC 1011L to the cellular core requirements, add electives to both tracks, and create a new Biology electives section for the Behavior track and reorganize courses, were submitted to the Wilkes Honors College Undergraduate Programs Committee. The proposal was then discussed and approved by the University Honors Council on 29 October 2021.

We are now asking the UUPC to consider these changes and give them approval for inclusion in the catalog. Thank you.
