13. PSB 4932 Max Planck Seminar
14. PSB 4951 Journal Club in Neuroscience
15. PSB 4970 FAU Max Planck Honors Thesis

As per the Honors Curriculum Manual, the proposal for a new Max Planck Honors Program together with fifteen new course proposals directly related to the Program were submitted to the Schmidt College of Science and the Wilkes Honors College Undergraduate Programs Committees. The UHC recommended that the titles for two courses (PSB 4902 and PSB 4970) be changed. The new titles have been noted on the subject line of this memorandum. The proposal was then discussed and approved by the University Honors Council this past 23 February 2018.

We are now asking the UUPC to consider the proposal of this program and its fifteen related courses and give them approval for inclusion in the catalog. Thank you.
