SUBJECT: ANNUAL REVIEW OF ACADEMIC DEGREE PROGRAM LIST

PROPOSED COMMITTEE ACTION

Information only.

BACKGROUND INFORMATION

In March 2024, the Board of Governors (BOG) amended BOG Regulation 8.011 Authorization of New Academic Degree Programs and Other Curricular Offerings. The revision disentangles new degree program planning from the annual Accountability Plan process. Universities are now able to submit annual lists of anticipated new degree programs to the BOG instead of reporting an exhaustive list of all potential new academic degree programs multiple years in advance. The new process empowers institutions to be nimbler and more responsive to quickly evolving workforce demands.

Regulation 8.011 requires each University's Board of Trustees to review its institutional submission prior to submission. The BOG notes that this is an informational item and does not require a vote.

IMPLEMENTATION PLAN/DATE

By June 28, 2024, the University will provide BOG staff with the attached list of possible or anticipated new academic degree programs.

FISCAL IMPLICATIONS

Each degree program still requires subsequent planning, vetting, and approval. Inclusion on this list does not represent an obligation by the University, financial or otherwise, to launch any of the noted new academic degree programs.

Supporting Documentation: Anticipated New Academic Programs for the 2024-25 Academic Year
Presented by: Dr. Russ Ivy, Interim Provost and Vice President for Academic Affairs
**Phone:** 561-297-3062

Background:

At the March 2024 meeting, the Board of Governors amended 8.011, Authorization of New Academic Degree Programs and Other Curricular Offerings, changing reporting requirements for new degree programs. The amended regulation requires universities to provide the Board office with a list of the new academic degree programs that will be considered by the university boards of trustees for the upcoming academic year. The university's board of trustees must review this list before submission. Please note this can be an information item and does not require a vote. The Board office will share the combined list for the System with CAVP and CAVP ACG to discuss program duplication and System coordination.

Instructions:

Please use the table below to report the new academic degree program proposals the university plans to submit to the Board office in the 2024-2025 Academic Year. Your institution's board of trustees must have reviewed this list prior to submission to the Board office. Please submit the completed table via the Information Request System by **June 28, 2024.**

Anticipated New Academic Programs for the 2024-25 Academic Year

CIP Code	Name	Level	Other SUS Institutions that Offer the Program	Projected Student Enrollment for Year 1
11.0199	Interdisciplinary Computer Science	B	None	20
14.0201	Aerospace Engineering	B	UF, UCF	20
26.1104	BS in Biology and Computer Science	B	FSU	20
30.2001	BA Global Studies	B	FIU, NCF, UCF, UF, UNF	20
04.0401	MS Urban Design	M	USF	40
04.0902	MS Architecture	M	FIU	12-15
14.0201	Aerospace Engineering	M	UF, UCF	10
14.0101	Professional Engineering	D	None	5
14.0501	Biomedical Engineering	D	FIU, FSU, FAMU, UF, USF	5
