

Item: SP: A-2

STRATEGIC PLANNING COMMITTEE

Wednesday, June 15, 2011

SUBJECT: 2010-2011 EDUCATIONAL PLANT SURVEY

PROPOSED BOARD ACTION

Provide approval of the 2010-2011 Education Plant Survey to the Board of Trustees.

BACKGROUND INFORMATION

Section 1013.31(1) of the Florida Statutes requires that each University in the State University System have an educational plant survey conducted once every five years to identify physical facilities necessary to house its programs, students, faculty, staff and services during the next five-year period 2010/11 through 2015/16. The survey process consists of two phases: the Facilities Inventory Validation phase and the Space Needs Assessment phase. These two phases for Florida Atlantic University were conducted in December, 2010 for the validation and April, 2011 for the needs assessment. A recommendation was submitted by the survey team for the survey approved projects based on the space needs formula and the exceptional procedure for the Boca, Davie and Jupiter Campuses. The survey recommendation is to be approved by the Board of Trustees and submitted to the Commissioner of Education for validation.

IMPLEMENTATION PLAN/DATE

Educational Plant Survey will be valid for the next five year period 2010/11 through 2015/16.

FISCAL IMPLICATIONS

Capital Improvement Projects are to be in compliance with the board-approved Educational Plant survey recommendation prior to receiving PECO funding.
