FLORIDA ATLANTIC UNIVERSITY

2024 Engineering Summer Camp

GREEN FUTURE: FROM SKY TO GROUND

Attention High School Students! Ready to embark on an eco-adventure exploring air pollution mysteries and solid waste challenges? Join us at Florida Atlantic University's College of Engineering and Computer Science for a summer of impact and innovation!

- Discover environmental engineering basics
- Learn about air pollution factors
- Explore waste management and recycling
- Understand human impact on air and land
- Engage in interactive activities
- Get introduced to environmental engineering tools
- Explore career paths in environmental engineering

Our program engages students with dynamic teaching tools like multimedia presentations, interactive slides, lab experiments, and educational games. Delve into environmental engineering concepts, spark curiosity in discussion forums, and participate in hands-on activities. Ignite curiosity, build confidence, and acquire lasting enthusiasm for environmental stewardship.

DETAILS:
- June 10 - 14, 2024
- 9:00 am - 4:30 pm
- SeaTech Campus

INSTRUCTORS:
- Dr. Masoud Jahandar Lashaki and Dr. Yalan Liu
- Teaching Assistant: TBA
