

FLORIDA ATLANTIC UNIVERSITY

OCEAN ENGINEERING SUMMER CAMP

Attention 9th through 12th grade high school students from Broward, Miami-Dade, and Palm Beach counties! Apply now for a 4-day engineering camp hosted at Florida Atlantic University's Ocean Engineering facility, Seatech, located in Dania Beach. Thanks to the generous support of the National Science Foundation, there's no cost for attendance. Don't miss this chance to dive into the world of ocean engineering and fluid mechanics!

- Explore ongoing research projects showcasing the practical applications of fluid mechanics
- Gain hands-on experience in programming and robotics by assembling and programming a small robotic cart
- Discover how fluid mechanics influence the design and operation of everyday objects like aircraft, automobiles, buildings, and bridges
- Learn to create tabletop flow visualization setups to visualize flow around everyday objects

For any questions, please contact: Siddhartha Verma at vermas@fau.edu or Gloria Recio-Trevino at greciotrevino@fau.edu.

DETAILS:

- June 24th - 27th, 2024
- 9:00 am - 3:00 pm
- SeaTech, Dania Beach
- Cost: FREE
