

INTERNATIONAL FRIENDS PROGRAM (IFP)

Do you want to be an International Friend?

The purpose of IFP is to help new/incoming international students, promote friendship and cultural exchange.

As an International Friend, you will:

- **Learn about other cultures:** see the world through another student's eyes!
- **Be part of a great team of students,** that you probably would not have a chance to meet otherwise.
- **Learn new skills:** to make you stand out during your future/current job search/graduate school application!
- Gain volunteering hours: **Make a difference!**
- Receive a certificate of achievement/letter of reference (after a successful semester/year): **impress your future employer/graduate admissions committee!**

Did you know that the top three attributes that employers/committees look for in their candidates are leadership, teamwork and communication skills?

Being part of this program will definitely help you gain these skills and many more!

To apply, please fill out the application form by visiting:
