

SIMPLE AS TEA

IF YOU'RE STILL STRUGGLING, JUST IMAGINE A CUP OF TEA...

Just because you're in the mood to make it doesn't mean they're in the mood to drink it

If someone wants tea on Monday, they don't automatically want tea on Saturday... or any day after that

If someone invites you over to make a hot beverage, don't assume they want tea

If someone is passed out from drugs or alcohol, make sure they are safe and don't make them drink tea

CONSENT IS NOT
