

The Marine Physical Laboratory (MPL) at world-renowned Scripps Institution of Oceanography at the University of California San Diego is currently seeking inquisitive, motivated undergraduates with exceptional aptitude for quantitative science and technology to apply for the 2025 MPL Summer Internship Program.

The MPL Summer Internship program is a paid, ten-week research program where students complete their own individual research project under the mentorship of some of the most notable scientists in the world. In addition to their research, students will attend weekly seminars, participate in hands-on activities, and more. **Interns receive a \$18.00/hour salary and a \$6,000 taxable stipend to offset costs of housing, meals, transportation, etc. issued upon arrival.**

Research Topics Include:

- Acoustics and Infrasound
- Applied Ocean Sciences
- Autonomous Ocean Platforms and Global Observing Systems
- Coastal Oceanography
- Internal Waves and Ocean Mixing
- Marine Mammal Biology

Marine Robotics

- Nonlinear and Surface Waves
- Ocean Acoustics
- Ocean Instrumentation and Technology
- Ocean-Atmosphere Interactions
- Physical Oceanography
- Population and Community Ecology
- Upper Ocean and Submesoscale Processes

ELIGIBILITY

- Applicants must be US citizens or permanent residents currently enrolled in their first, second, or third year of undergraduate status. Senior year undergrads, former MPL interns, and high school applicants are not eligible.
- Applicants must be at least 18 years of age as of the internship start date.
- Applicants must be available to start in June 2025 and work 40 hours/week for entire duration of the internship (10 consecutive weeks).

APPLICATION PROCEDURE

To learn more and apply, please visit <https://mpl.ucsd.edu/internships/>.

Applications are due **Friday, January 24, 2025**, at 4 p.m. Pacific time. Decisions will be emailed to applicants by the end of April.

UCSD is an equal opportunity employer, with a strong institutional commitment to excellence through diversity. Students from underrepresented backgrounds are especially encouraged to apply.
