Hi Maria,

Here's an email of support for the POS course and adding it to the PS concentration—items on the agenda for the next UUPC.

Hi Mark,

I am sorry for late response. As I haven't received any objections from our faculty members on this issue I have no objections to this change.

Best,
Dukhong

Dear Dr. Kim,

The Honors College is making minor changes to our Political Science concentration: our current POS 4932 Women and the Workplace (special topics) will have its own number and slightly altered title (Women, the Workplace, and the Law); and for our concentration electives we replace the POS 4932 title with the new title/number, and add INR 3502, which by oversight we hadn't yet added—see the attached program change form.

I'm consulting you as chair of Political Science at Boca with the hope that you could email me back saying you support or have no objections to this change—we'd like to be able to include that in our submission to the UUPC.

Thanks,

Mark
